

Cyclospora sp., *Cryptosporidium* sp., and *Isospora belli*

Oocysts in stool smears stained with modified acid-fast stain:

- A *Cryptosporidium parvum*
- B *Cyclospora cayetanensis*
- C *Isospora belli*

Oocysts in stool smears stained with safranin stain:

- D *Cryptosporidium parvum*
- E *Cyclospora cayetanensis*
- F *Isospora belli*

Wet mount preparations

- G *Cyclospora cayetanensis* sequence showing sporulation event from unsporulated oocyst (far left) to sporulated oocyst containing 2 sporocysts (far right)
- H *Isospora belli*
- I *Cyclospora cayetanensis*
